**Summary of reasons for decision:**

The Blu-ray Disc entitled The 40 Year Old Virgin is classified as:

Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years.

The 40 Year Old Virgin was originally examined as a 35mm film by the Office of Film and Literature Classification (OFLC No. 501705 registered 22 September 2005). It has been subsequently examined with an extended feature and other components on DVD and HD DVD formats. The HD DVD version was classified "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years"(OFLC No. 703026 registered 5 February 2008).

The features on the Blu-ray format are identical to the features previously classified. The Blu-ray format contains a few extra components not examined in the previous formats. These include a theatrical trailer, commentaries, on-screen behind-the-scenes insets, and several deleted extra scenes. These components do not require the Blu-ray Disc to be given a different classification to the other publications examined.
